2023 NIAA Fall Season State Academic Team Champions

The Nevada Interscholastic Activities Association, the governing body of high school sports in the Silver State, is proud to present a championship award each year to the team with the highest grade point average in each sport per classification.

The NIAA also recognizes those varsity student-athletes who achieved a 4.0 GPA the previous semester by naming them to the All-State Academic Team.

The team grade point average is determined by taking the individual GPAs of varsity team members from last semester and then computing an overall average.

The NIAA and Jostens, the NIAA's awards partner, consider this state academic championship award to be equal to the athletic championship award. As the NIAA, coaches and administrators always stress, the participants are students first, then athletes.

With that said, the NIAA would like to announce this year's Fall State Academic champions:
